## Testimonials

I absolutely love this school. In lessons the teachers make it very fun. Also the lunch clubs are very entertaining. The cooking club is the best. If there is any bullying going on the teacher will sort it quickly:

## Primary

### ONE OF A KIND

THE ONLY MUSLIM SCHOOL IN WEST YORKSHIRE TO OFFER EDUCATION FROM PRE-SCHOOL TO SECONDARY SCHOOL

The curriculum at Madni Muslim Primary School is the medium through which the school's aims and objectives are pursued. It also includes teaching the children to learn from the way they are treated and how to behave.

At Madni Primary we aim to create a caring environment that promotes learning and personal growth as part of the development of the Islamic personality. The school aims to provide a sound Islamic education together with the National Curriculum. The curriculum will equip children with a solid foundation in Islam and prepare them both for secondary education and their lives ahead In-sha'Allah.

The core and foundation subjects are taught through the English language. We teach Arabic essentially because it is the language of the Qur'an.

**Core subjects** include: Literacy, Numeracy and Science

**Foundation subjects** include: Arabic, Art, Design and Technology, Geography, History, Islamic studies, ICT and PHSCE.
