

# Madni Primary Academy

## Autumn Term in Primary 1

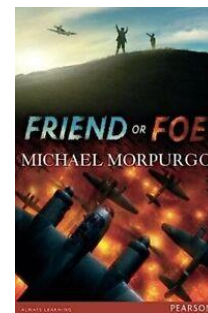

### Literacy

#### Fiction : Friend or Foe- Evacuee Children

Children explore a fiction set in London and Devon. They use discussion and role play to explore characters and the impact of World War II. They develop editing, proof reading and peer-review skills. They plan, edit and write a story from different character's point of view.

#### Non- fiction : Animals On the Move

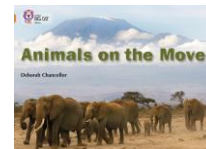

Children will explore through different literacy skills why animals need to be able to move and the variety of ways in which they do. They will examine and analyse in detail animal hunting techniques and migration patterns.

### Maths

- Place Value. Rounding digit numbers to the nearest 10, 100, 1000 and 10,000.
- Four operations: written addition, subtraction, long division and long multiplication.
- Common multiples, factors, prime numbers, squared and cube numbers.
- Simplify and compare and order mixed number fractions including in problem solving.
- Add and subtract mixed number fractions including in word problems.
- Multiply a fraction/mixed number by a whole and calculate fractions of amounts.
- Read, plot, reflect and translate coordinates.
- Multiplying and dividing decimals by 10, 100 and 1000, adding and subtracting decimals.

We are reading.....

### Science

#### Great British Scientists

Children will explore the lives of some of the most influential and recognised British Scientists. They will investigate the Newton's three laws of motion and how he discovered the coloured spectrum.

#### Animals including humans (healthy bodies)

Children will learn all about nutrition, the importance of exercise and their hearts. They will investigate how water and nutrients are transported in the circulatory system and recognise the impact of diet, drugs and lifestyle.

## History

### Children In Victorian Britain

Journey back to Victorian era where children discover what life would have been like for them if they were born in the 19<sup>th</sup> century. Children will compare their modern lifestyles with lifestyles of rich and poor Victorian children and give them the chance to find out a wealth of information about different aspects of life for Victorian Britain.

## Art/D.T

### Monet – Impressionism

Through Monet Art lesson, children explore Impressionism, find out about Monet's life putting their own creative spin on the Impressionist masterpieces recreating Monet's famous "Haystack" series.

### Great British Dishes

Children will explore some sweet and savory national dishes of England, Scotland and Wales, before exploring how cuisines change overtime.

## Computing

### Online safety

Children will explore cyber bullying and how to stay safe on the internet. We explore websites that are secure and create our own quiz about online safety.

### Internet research and web page design

This will give an opportunity to the children to design their own websites and understand how research is carried.

## Arabic

### Islamic Ethos:

- Students will increase their understanding of the Arabic language and vocabulary, which in turn will help them understand the language of the Qur'an and learn the religion of Islam

## PSHCE

### Relationships: Be Yourself

Children will think about their own sense of identity as well as the communities they belong to.

### Relationships: Digital Wellbeing

Children will explore the impact of technology on mental, physical and emotional health.

## RS

### Our Wonderful World

Children will learn to identify things that make our world special. They will explore the different accounts of the creation of the sky and Heaven.

### Leaders and Teachers

To understand the challenges of being a leader and why leaders are important
